MEMBER TESTIMONIAL

"Being on the board of WDI has been very valuable, as I have learned new ideas, trends, statistics, and best practices from WDI staff and fellow board members at every meeting. WDI has provided Benike Construction with important information and helped navigate and understand resources and programs like Best Places to Work in SE MN. Participation with WDI has also led a local effort attracting minorities and women into the carpentry, laborer, and cement finisher trades that connected us with new team members that we would not have otherwise."
